

## Emergency Department Instructions

### Attention Employee:

Concentra is our organization's preferred choice for treatment of work-related injuries. Because of the time and/or nature of your injury, you are being directed to the hospital emergency department (ED) for initial treatment. However, please remember these two steps:

1. Please show this form to the ED physician PRIOR to your treatment.
2. Call Concentra the next day to schedule your follow-up appointment.

### Attention Treating Physician:

This patient is an employee of \_\_\_\_\_.

Concentra is our organization's preferred choice for treatment of work-related injuries. Because of the time and/or nature of the injury, the employee is being directed to the hospital emergency department (ED) for initial treatment.

1. Please do NOT excuse this patient from work beyond the next business day, and do NOT refer to specialist care unless it is a medical emergency. A Concentra occupational medicine provider will prescribe any further work restrictions and referrals upon seeing the patient.
2. Please call Concentra if you have any questions or concerns.
